"Go Away"

A world full of pollution a shit infested sea
We'll make our own solutions take 'em down make 'em
see
You can't dump in the ocean waste from your endless
greed
Come to our own conclusions must unite to be free

'Cause salvation's on it's way
When we are united there's nothing standing in our
way
On our own agenda and we're gone have our say
You're never gone stop us we're never gone go away
Go away, go away, we're never gone go away

Corporations run the nation we have to make a stance
Let's start a revolution if we can't no one can
We must be represented or it's not democracy
Let's put our minds together and soon comes victory

'Cause salvation's on it's way
When we are united there's nothing standing in our
way
On our own agenda and we're gone have our say
You're never gone stop us we're never gone go away
Go away, go away, we're never gone go away

What good is government when they just want to
govern me
We'll make our own decisions take 'em down make 'em
see
We got to stand together we got make some noise
Numbers can change the system with one sound with
one voice

'Cause salvation's on it's way
When we are united there's nothing standing in our
way
On our own agenda and we're gone have our say
You're never gone stop us we're never gone go away
Go away, go away, we're never gone go away
Go away, go away, we're never gone go away
