How dose it feel to be one of those with your backs
against the wall
The wrong way down a one way street and your
headed for a fall
You got no hope and no way to go and there's no one
to call a friend
Your only prayer is that someone cares enough to
helping hand
There no way your not gonna see it
You better you better believe it
Lets leave this fun
It a holiday in the sun
A life so serene for you not me
Yeah we got it all, no problems my friend
We're oblivious because it us not them
Everyday in the USA its a life of luxury
Are we so blind not to satisfy to your each and every
need
And we don't care about the world out there we just go
about out our lives
So self absorbed we can just ignore the hate outside
out eyes
There no way your not gonna see it
You better you better believe it
Lets leave this fun
It a holiday in the sun
A life so serene for you not me
Yeah we got it all, no problems my friend
We're oblivious because it us not them
Isn't it nice when you have everything you need
Just before you close your eyes
It'd nice for you and me nice for you and me
Lets leave this fun
It a holiday in the sun
A life so serene for you not me
Yeah we got it all, no problems my friend
We're oblivious because it us not them
