Oh shit here we go again
Gonna kick it as long as we can

We like to boast from
The far west coast
To the desert fields of Iran

You want to fight, well let's go
You know that we came to drop bombs

The straight edge punks
From the desert sun
All want some of the shit that we're on

We are the ones
You know we don't fuck around
Gonna go as long as we can

We are the ones
You know we don't fuck around
Gonna go as long as we can
We're back again what goes around
Comes around
You wanna go
You know that we're down
As long as we can

We're self-righteous hypocrites and
We don't wanna hear what you say
Capitalistic, Narcissistic
And no we're not gonna change

The bright lights make you blind now
You want everything for free
You pay for gas while we count out
Cash we're going down in history

We are the ones
You know we don't fuck around
Gonna go as long as we can
We're back again what goes around
Comes around

You wanna go
You know that we're down

As long as we can

As long as we can
