So many trials and tribulations  
But the wiser man am I  
Such fixations are fixed on me  
I tell you I am sick

I'm sick and tired of all the fables  
Tired of all the lies  
Tired of seeing bullshit walk uphill  
Miles and miles

If I've done half the shit that's been said about me  
Too much and then some  
I could have spent the span of twenty lives  
Compared to just my one

So get off my back, all you slanderers  
Just leave me alone  
Put your nose back on your face  
Where it belongs you fuckin' drone

Your life is pure fascination  
Your mouth speaks such abominations  
Oh, I condemn your allegations  
You are a Frankenstein creation

It must be weird to live one's life in a self make believe  
pit  
But then I look at mine and then I see  
What a pointless one yours is  
So crawl back in your hole

Yeah, back into your world of make believe  
When I see your smiling face you best be prepared to  
leave  
Land of pure untruths I gladly crown your ass the  
queen  
Things you do they're always done so exquisitely

Your life is pure fascination  
Your mouth speaks such abomination  
Oh, I condemn your allegation  
You are a Frankenstein creation
