I seek out the will
You didn't know till its too late till now
Divided by the things you could not see
The land of the free
There is no safe end
And now because you don't want to try
You don't want to die
You've got everything in mind
But the answer is
What you really don't know its gonna be
So pretend its gonna be ok

Look who you are just a member of society
In a tragic harmony
Pretending it will be ok
Look who your are just a product of a history
Another face as nobody
Pretending it will be ok
Look who you are

A rat in a cage
Accept the things you can't deny, do you?
Recognize the lie you've become
Like everyone
You're afraid to face the truth
And now you can't get away
The fortune of fame
And the answers you seek all will slip away
You don't really care
You don't have a prayer
Your escape will be your grave

Look who you are just a member of society
In a tragic harmony
Pretending it will be ok
Look who your are just a product of a history
Another face says casualty
Pretending it will be ok
Look who you are

So you just give up
Yea you just give in

You gotta sleep in your dream at night
At the life that might have been
When you've had enough
How much can you take?
Just try to be yourself
Everything will be ok
It will never be ok

Look who you are just a member of society
In a tragic harmony
Pretending it will be ok
Look who your are just a product of a history
Another face as nobody
Pretending it will be ok
Look who you are
