I look at myself, the person in the mirror is asking me
Asking me why I lie to myself
What's the meaning of this charade of the reason why
'Cause no one else knows me quite better than I
I know myself, but that doesn't stop me from asking
myself

The reason why, no reason why
Why we lie to ourselves or anyone else
No reason why and no reason why
Why we lie to ourselves or anyone else

I look inside my life 'cause I can see the things
That no one else can see about the real me
'Cause it's only the outside you really see
So don't ask me why, I keep inside the things that I
choose to hide
Still it doesn't stop me from asking myself

The reason why, no reason why
Why we lie to ourselves or anyone else
No reason why and no reason why
Why we lie to ourselves or anyone else

Gets me farther behind
Cheaters never prosper, I've heard that line
Still it keeps me set in my ways
Look me up after you've found out

The reason why, no reason why
Why we lie to ourselves or anyone else
No reason why, no reason why
Why we lie to ourselves or anyone else
