Clear your mind, hide your fear
Don't look around, don't turn around pennywise here
Hold your feelings, hide your fear
Don't look around, don't turn around pennywise here

Evil lurks in his eyes
The clown they call pennywise
He'll catch you by surprise
The clown they call pennywise

He's a monster, he's not human
He's more than just a figment of your imagination
You can't run, can't hide
There's no way to escape pennywise

Evil lurks in his eyes
The clown they call pennywise
He'll catch you by surprise
The clown they call pennywise

He'll creep inside your soul at night and torment nice
and slow
Don't turn around or look around pennywise will know
He'll make you wish that you were dead and make it
hard to cope
He'll make you wish that you were dead and hanging
by a rope

Evil lurks in his eyes
The clown they call pennywise
He'll catch you by surprise
The clown they call pennywise

Clear your mind, hide your fear
Don't look around, don't turn around pennywise here
