There's a rebellion on ice and you'll pay the price
As your freedom fades away
Dishonesty is high, so wont you even try
To stand up for your rights and say.

We don't want your take 'em back right now.
They're bullshit anyhow.
It's time we had our injustice cannot stay.
They stabbed us in the back.
And you can feel it bleeding if your heart's beating
now.

So let us hear your said we have a choice.
But I don't believe they really meant it so.
We're gonna call their bluff 'cause we have had
enough.
Take the power foundations gonna crack.

I see the freedom at the end of the road.
I've heard so many lies and I've taken the blows.
Give it to it from knows.
Sick of beeing used and I'm gonna explode.
Total destruction all over the place.
There is so much hate it's a fuckin' disgrace.
Everyone is blind; can't see through the lies.
But they're aren't even looking at the wolves in
disguise.

So will you hear the call or let the judgements fall.
This is it so wake up let's go
And track the liars down and then remove their crowns
And lash 'em with the binds they hold.
