As I walk this lonely road I am reminded by everything
And I remember just how I tried to make a difference in
the end
And there are times you just can't go on but
there's a sunrise anyway
And if another's feelings gone you got to live
another day
Don't be dis-hearted just get started it will be too
late tomorrow
Hold on you belong united we'll find a way
By your side standing with pride united we'll find a
way
Through troubled times we will survive united we'll re
alive
Your mind is racing time goes slow feel it
smotherin' your soul
Validity of hate and greed cause the burdens that you
stole
You never dodged to say goodbye to the all troubles
surrounding you
Standing together certainly we are you united so bored
and true
Don't be dis-hearted just get started it will be too
late tomorrow
Hold on you belong united we'll find a way
By your side standing with pride united we'll find a
way
Through troubled times we will survive united we'll re
alive
Hold on to your heart tomorrow can be your brand new
start
A new day a new way finding the better path to take
Hold on to your heart and find the strength inside
Hold on together we will survive we will survive
Hold on you belong united we'll find a way
By your side standing with pride united we'll find a
way
Hold on you belong united we'll find a way (we are
alone)
By your side standing with pride united we'll find a
way
Through troubled times we will survive united we'll re

alive
