Woke up this morning
Hoping for a better day
Gotta make a change right now
Gotta find a better way

I took a good look at my problems
And their piling up in my head
Gotta take a chance right now
Before I wind up dead

Wake up, my friend
Someone's knocking at your door
Last chance for you
It's time to even up the score

So many reasons for living
But you won't even try
Wake up and take back your life

When I look in the mirror
I don't like what I see
I'm like a stranger in a foreign town
It doesn't even look like me

Gotta find a way back to
The place where I belong
Don't know where I'm going but
I know where I'm going wrong

Wake up, my friend
Someone's knocking at your door
Last chance for you
It's time to even up the score

So many reasons for living
But you don't even try
Wake up and take back your life
