Whoa, yeah! we have it all right now
Whoa, yeah! we have it all right now
We have it all!

When you know that it's all over,
But you've got a lot left to say
Then go on now, and do something about it,
Cause it's all in your head anyway!

When it seems that you won't make it,
You just can't give up on today,
Just break it down, and make ya think about it,
In the end you won't be filled with accolades
Oh yeah

You gotta find a way
We know these times are tough
Just try to seize the day,
What are we waiting for?
We have everything

Whoa, yeah! we have it all right now
Whoa, yeah! we have it all right now
We have it all!

When it feels like everyone is out to get you,
And your dreams are shattered, things will never
change.
Always remember that I'll be there to help you,
I'll be the boy who will always find a better way.

I will make this on no crossing,
If your world it starts to decay
Go straight ahead forever you can count on me,
I will never leave you floating in the wake
No way!

You gotta find a way.
We know these times are tough
Just try to seize the day,
What are we waiting for?
We have everything

Whoa, yeah! we have it all right now
Whoa, yeah! we have it all right now
We have it all!

Crushing existence, what are we searching for?
Too much is there now and there's always a quest for
more,
And when you think that there's nothing to left to like,
Just pick yourself up and remember that you're alive!
