How can 6 be 7 when 5 don't equal 1  
How can ya kiss a man  
Who shoots his mouth off like a gun  
What do you see when the things I see  
Are different but the same  
Love can make you blind  
And make your mind start playin games

Fantasy fantasy  
I keep on dreamin bout you lovin me  
Fantasy fantasy  
Time will tell if it's a fantasy

How can Bill be Peter  
When Paul was never John  
What are ya gonna do  
If you wake up and the bubble's gone  
I guess the world is full of painters  
Paintin different scenes  
I've always been a dreamer  
So I understand your dream  
Dream on

Fantasy fantasy  
I keep on dreamin bout you lovin me  
Fantasy fantasy  
Time will tell if it's a fantasy

How can 6 be 7 when 5 don't equal 1  
Reality may catch a fantasy on the run  
Misery loves company  
And no one is to blame  
When love is only make believe  
Oh Lord it's such a shame

Fantasy fantasy  
I keep on dreamin bout you lovin me  
Fantasy fantasy  
Time will tell if it's a fantasy
