He treats me warm when we're alone  
But sometimes he's so cold  
The rumors will never fly  
We only love when we can hide  
He's so old and he's so young  
He's everything I need  
I wanna hold him tonight  
How can love be so wrong  
And be so right so right

I'm in love with someone  
It's a secret now don't you tell  
If he doesn't wanna talk about it  
Then it's not my place to tell the world  
Now I'm in love with someone  
It's a secret now don't you tell  
If he doesn't want to talk about it  
Then I'm not gonna tell

Take me with you  
Where my words will only fill your ears  
There's nothin for you to fear  
If this ain't love it will disappear  
Before the taste of wine is spoiled  
By secrets behind doors I'm giving you this song  
So our love will go on and on and on

I'm in love with someone  
It's a secret now don't you tell  
If he doesn't wanna talk about it  
Then it's not my place to tell the world  
Now I'm in love with someone  
It's a secret now don't you tell  
If he doesn't wanna talk about it  
Then I'm not gonna tell
