Life it goes on and tonight
Think I'll spend the night alone
Like I did yesterday
Lord it's been so long

But every now and then I find myself
Cryin, cryin over you
And the good times we knew
Now the good times have gone bad
So Sad

Where are ya now, do ya have
Someone lovin you like me
Does she care, does she dream
Like I used to dream

But every now and then I find myself
Cryin, cryin over you
And the good times we knew
Now the good times have gone bad
So Sad

Love if you look you will find
I've got everything but you
And I'd give all I have
For the love we knew

But every now and then I find myself
Cryin, cryin over you
And the good times we knew
Now the good times have gone bad
So Sad
