This old world of ours  
Can take you up or down  
I was drivin my old roller coaster  
Straight into the ground  
Once I was the poorest soul alive  
Needin someone close to me  
To help me to survive

You're the one that makes me happy  
The world can get you crazy  
And put you under before your time  
You're the one that knows my feelings  
The world is full of people  
Who only want to know you when you're feelin fine

Well I've been touched before  
But this is not the same  
Now the road to love was paved  
With people only playin games  
But I do believe I'd walk that road again  
If I knew I'd end up here with you  
You my only friend

You're the one that makes me happy  
The world can get you crazy  
And put you under before your time  
You're the one that knows my feelings  
The world is full of people  
Who only want to know you when you're feelin fine

You're the one that makes me happy  
You're the one  
You're the one that makes me happy  
You're the one  
You're the one that makes me happy
