I just wanna be closer (alright)  
Just a little closer (that's fine)  
Why can't I feel?

And all the signs that stand in our way  
Just lead to the highway  
Sayin' it's not time  
For you and me

And yes I know what's right and what's wrong  
Fool to myself that I can move on, oh yeah  
And little girls, they never can see  
Skin's not as thick as they'd like it to be, oh yeah

And the moon rise and the sun still sets  
Don't forget your heart here  
Don't forget  
And the moon rise and the sun still sets  
But don't forget your heart here  
Don't forget  
Don't forget  
No, no, no

I just needed a brother (somebody by my side)  
Or maybe some other (somebody by my side)  
My heart was too blind to tell (my heart was too blind)  
Oh (my heart was too blind)  
Send your postcard, writing letters (writing you  
everyday)  
Feeling no better (writing you everyday)  
May as well just send myself (just send myself away)

Feeling teenage feelings straight through my bones  
Two months go by and I'm left alone, oh yeah  
Writing lines, it's better this way  
Maybe true, but it don't make is easy to say

And the moon rise and the sun still sets  
And don't forget your heart here  
Don't forget  
And the moon rise and the sun still sets  
But don't forget your heart here

Don't forget your heart here  
Don't forget your heart here

Moonrise, sunset  
Moonrise, sunset  
Moonrise, sunset  
Moonrise, sunset  
Moonrise, sunset  
Moonrise, sunset  
Moonrise
