It's been so long
It's hard to breathe when the trust is gone
A face of steal
Just melts away in the weather

You got a lot to weigh so weigh it
If you got a lot to say, just say it
Aren't you tired of wastin' fuel?
So now I hand the fuse to you

Burn it all, let's burn it all
Let fire fall, let fire fall
What's done is done, it's in the past
It's ashes

I'm tired of you, you're tired of me
I hate the things you said to me
"Now here's your chance to take it back"
It's ashes, ash, ash

Maybe I should drive home
Far from sober
And maybe I should sleep alone
'Cause I don't have a rubber

You got a lot to weigh so weigh it
If you got a lot to say, just say it
Aren't you tired of wastin' fuel?
So now I hand the fuse to you

I run away just to see how much it really means to me
Oh my God, who in the hell has been washin' your
brain?
Just lose the girl and start again
Maybe then, maybe then, maybe then, maybe then

Let's burn it all, let's burn it all
Let fire fall, let fire fall
What's done is done it's in the past
It's ashes

I'm tired of you, you're tired of me

I hate the things you said to me
Now here's your chance to take it back
It's ashes, oh it's ashes, ashes

It's ashes, ashes
It's ashes, ashes
It's ashes, ashes
Oh, oh ashes
