Im tired of bein lonely  
and im sick of my crew  
cuz this ship is takin on water yes  
and my socks are turning blue  
well ive chased the farmers daughters  
yea yea yea  
and i drink my share of brew  
i pull myself together again  
and i put my ring on you well  
and if it was up to me  
well ill turn this thing around,  
ill pull out all the stops stop stops unitl were in the  
ground  
cuz i know baby  
that i work so hard for you you you yea  
and i got more booty  
than you'll ever need oh oh yea  
and youll see theres more more  
lah ah ah ah no no  
lah ah ah ah oh no  
i dont have all the answers yea  
but what ive got  
you know ill give it to you you you baby  
and iknow your daddy doesnt like me much  
uh uh  
but i know my heart is true yea  
and if it was up to me  
well id turn this thing around  
ill pull out all the stops stop stops unitlwere in the  
ground  
cuz i know baby  
that i work so hard for you you you  
and i got more booty than you'll ever need  
oh yea and youll see theres more, more  
lah ah ah ah no no
