hey, it's been a long time love  
since i've seen you around  
you've made a few mistakes  
but you've reached a higher ground

how long will you stay  
and will we watch the sun rise  
oh i see your seas  
and the tide is getting high

and i don't believe those screaming words you say  
and i don't believe that you go both ways  
and oh, the only reason you're here with me  
is cuz i love a drunk girl

[chorus:]  
oh oh oh oh oh yea  
and you're just a drunk girl  
oh oh oh oh oh yea  
and i love a drunk girl  
am i the one to save you love?  
cuz you're just that drunk girl  
oh oh oh oh yea, uh

now don't i make you feel nice  
how i remembered your name  
remember back in school  
when you pushed me thru the rain

well now i want you to feel

that there's no safer place  
i'll hold your hair for you  
and pull the toilet from your face

and my friends don't believe that that's all it takes  
and your girls can't believe that i could be that mistake  
but oh! the only reason you're here with me  
is cuz i love a drunk girl

[chorus]

you try to kiss me baby  
you're screaming let me lady  
you're running hot and heavy  
most people think you're crazy

i'm trying to keep it steady  
you're wet and wreckless honey  
don't spit out on me lady  
because i need you ready

and i always knew it would come ot this  
and in the morning i've got you off my list  
but oh, the only reason you were with me  
is you're just a drunk girl

[chorus]
