She called me over wanting some good love  
She said she wanted the number one rub, oh

I got it hot on the bottom and above.  
Yes I can  
But Soon as I arrived I knocked twice on her door  
I knocked again, and then once more.  
Yet somehow I'm still surprised.  
How could this be?

Alone again tonight.  
Under the glow of an orange street light.  
Orange street light  
This experiment just can't be right

Dialing me at 4 am  
She calls it late night  
She said I'm Sorry let's make it right  
Let's make the plan for the afternoon  
I guess I can  
But midday here I am waiting on her love  
What can I have been thinking of  
Looks like i need someone else to rub

Alone again tonight.  
Under the glow of an orange street light.  
Orange street light  
This experiment just can't be right

Love 101 (2x)

Alone again tonight.  
Under the glow of an orange street light.  
Orange street light  
This experiment just can't be right

Love 101 (2x)

In Love 101

Love 101
