[instrumental]

I've got no loving arms holding me down.
I ain't got no time to listen to your whining, cause I hate
that sound.

[instrumental]

I read the news today and the front page read:
You don't want me so why follow this method just to
play with my head?

[instrumental]

Now I'm wishin' I never met you, and think of all
thisÃ,Â mess that you've put me trough
So I've been waitin' at thatÃ,Â lonely train station too
loong, I just can't tell you how to feel
Cuz how you feel could be wrong, oh wro---ong
