Look at me baby, am I a little blurry?
Now your tears have obstructed your view
This is only crazy, if you think it's crazy
And of course it's always up to you

Now there's so much to say, you won't give away
Don't think you'll ever decide
So you leave it up to me to say what we both mean
I'm sorry but I'm over the ride

Because the last time we had a nice time
Baby, it was so long ago
Oh, it was the right time but now I think that I'm ready
for me
To let you go

So why do you care anymore?
Why do you care, why do you care anymore?

All this time that you think I would be here for your sake
I hope you got a bottle of wine
And if it's a drinking problem, I'll be laughing at the
bottom
Because I already finished mine

But there's so much to say, it's a give away
What you really feel inside
So you leave it up to me to say what we both mean
I'm sorry but I'm over the ride

Because the last time we had a nice time
Baby, it was so long ago
Oh, it was the right time but now I think that I'm ready
for me
To let you go

Oh, and now the last time we had a nice time
Baby, it was so long ago
Now you could leave me right here, I could leave you
right there
You could keep me right here, how could you just not
care?

And I know, feeling like the sun, when the night is done
So just let me shine, ohh

And the last time we had a nice time
Baby it was so long ago
Oh, it was the right time but now I think that I'm ready
for me
To let you go

Oh, because the last time we had a nice time
Baby, it was so long ago
Baby 'cause the last time we had a nice time baby
The last time baby was so long ago
