Hey, I got the right of way  
And that's all you got to say

I been thinking about, thinking about  
Some things I thought I'd never be thinking  
Too many drugs dropped into my mouth  
Looking for something new but I end up drinking

Ignore the warnings on the shore  
I'll take my chance swim into danger  
I wanna taste life more and more  
But you need a little risk for the perfect mixture

This is your station under no control  
Broadcasting for you to let go  
This is your station under no control  
Get up, get up, get up, get up, get up, enjoy the show

Hey, I got the right of way  
That's all I got to say

Jesus gone just a flame and a bomb  
Now how do you explode unstable  
A big suit with a brief case  
I'm holding contracts stating how your labeled

Holding on to a phone on hold  
While I'm told to wait for the next operator  
I wanna taste life uncontrolled  
Oh, no here I go I hope to see you later

This is your station under no control  
Broadcasting for you to let go  
This is your station under no control  
Get up, get up, get up, get up, get up, enjoy the show

Hey, I got the right of way  
That's all you got to say

This is your station under no control  
Broadcasting for you to let go  
This is your station under no control

Get up, get up, get up, get up, get up, enjoy the show

This is your station under no control

Broadcasting for you to let go

This is your station under no control

Get up, get up, get up, get up, get up, enjoy the show

Everything that I would like to see

Broadcast this emergency

Everything that I would like to see

Broadcast this emergency

Emergency, emergency

Emergency, emergency
