its been so long
its hard to breath when the trust is gone
the faces still just melt away in the weather
you got a lot to weigh so weigh it
you got a lot to say just say it
arent you tired of wastin fuel
so now I hand the fuse to you

burn it all lets burn it all
let fire fall -let fire fall
whats done is done -its in the past
its ashes
im tired of you -your tired of me
i hate the things you said to me
now heres a chance to take it back
its ashes -as ashes

maybe i should drive home -too far from sober
maybe i should sleep alone -cuz i dont have a
rubber
you got a lot to weigh -so weigh it
you got a lot to say -juss say it
arent you tired of wastin fuel
so now i hand the fuse to you
i love the way you see
how much it really means to me
oh my god -who in the hell has been washin your
brain
just lose the girl and start again
maybe then -maybe then
maybe then -maybe then

lets burn it all -lets burn it all
let fire fall -let fire fall
whats dont is done -its in the past
its ashes
im tired of you -your tired of me
i hate the things you said to me
now heres the chance to take it back
Its ashes
oh its ashes

ashes
its ashes
ashes
its ashes
ashes
its ashes
ashes
ohh ashes
