I've got myself in a masochistic hold
Why don't you let go, shake it off but
Just to redirect my flow
Come on let's go

Sit up straight, I'm on a double date
I've got to find my way
Into the light, heavy, middle weight
We don't stop for rock around the clock
Motor mouthing off in front of every other road block

Come again and tell me
What you're going through
Like a girl who only knew
Her child was due

Memories of everything
On lemon trees on Mercury and
Come to me with remedies
From five or six of seven seas

And you always took me with a smile
When I was down
Memories of everything
That blew through

Looking up into
What an undertow, give it up
Another stubborn Scorpio
Come on, let's go

Sit up straight, I'm on a double date
I've gotta find my way
Into the light, heavy, middle weight
We don't stop for rock around the clock
Motor mouthing off in front of every other road block

Come again and tell me
What you're going through
Like a girl who only knew
Her child was due

To the moon
She gave another good review
Turn around and look at me
It's really, really you

Memories of everything
On lemon trees on Mercury and
Come to me with remedies
From five or six of seven seas

And you always took me with a smile
When I was down
Memories of everything
That blew through

Sit up straight, I'm on a double date
I've gotta find my way
Into the light, heavy, middle weight
We don't stop for rock around the clock
Motor mouthing off in front of every other road block

Memories of everything
On lemon trees on Mercury and
Come to me with remedies
From five or six of seven seas

And you always took me with a smile
When I was down
Memories of everything
That blew through
