Miss joker, joker laughing at me,
Ohhh, 'cause I know all of your schemes lately,
Like the way you move your hip,
Seductive licks for the money clip.
Do you own this? And I know this, that's when I noticed.

She looked me over and moved so easily,
But, in fact, fuck all that, I like the way you use me!
The evidence is missing with my "Steiny,"
Turn it on until dawn, I like the way you use me!

Welcome back to the counterfeit stacks,
Baby slow down; you'll have a heart attack,
'Cause I like what I see, ohh,
My approach into the night,
I'll be wrecking shit 'till the sky is bright,
With the latest technology, like you showed me.

She looked me over and moved so easily,
But in fact, fuck all that, I like the way you use me!
The evidence is missing with my "Steiny,"
Turn it on until dawn, I like the way you use me!

Soon you'll realize I'm to broke for the "supersize",

I got no money, but the drinks are free,
And now I got the room spinning up around me.

Jump ship before sunrise,
You're a thirsty bitch that I'd exercise,
Do you know this? 'Cause I know this,
That's when I noticed.

She looked me over and moved so easily,
But, in fact, fuck all that, I like the way you use me!
The evidence is missing with my "Steiny,"
Turn it on until dawn, I like the way you use me!

Don't hold me closer; there's no need to comfort me,
Problem solve, get your girl involved
And show me your agility...ohh, ohh,
Don't want no loving, you just need the currency,

But, nothing's wrong, just keep it going on
And baby use me!

She looked me over and moved so easily,
But in fact, fuck all that, I like the way you use me!

I love the way you use me!
