If you let me have a taste
I'll probably keep this world from falling down
I'm pulling on my E-brake
And when I turned around you were gone

You made me fall in love again
I know it's no ones fault but my own
I'm blinded by my reasons
Well, I guess that's why I'm all alone

And that's what I wanted
And that's what I found
I could never change your mind
I could never reach you in time
All is lost
And is that all that I want, yeah

Take those glasses off your face
Can't you see your sun is going down
Can't believe you live that way
You're holding all your breathe for someone else

All I made was one mistake
Almost seems like you were counting on more
Do I disappoint you
Or did I do something more?

And that's what I wanted
And that's what I found
I could never change your mind
I could never reach you in time
All is lost
And is that all that I want, yeah

Well I was way too young, and I was way to shy
But I remember you, remember you
I must have asked myself about a million times if

That's what I wanted
And that's what I found
I could never change your mind
I could never reach you in time

And that's what I wanted
And that's what I found
I could never change your mind
I could never reach you in time
All is lost
And is that all that I want, yeah
