Eve:

Like this brief day my light is nearly gone,

but through the night my children you will go on.

You will know heartache, prayers that don't work, and  
times of bitter

circumstances, but I still believe in second chances.

Children of Eden where have we left you?

Born to uncertainty, destined for pain sins of your  
parents haunt you and test you, this your inheritance  
fire and rain.

Children of Eden Try not to blame us we were just  
human to error prone.

Children of Eden will you reclaim us you and your  
children to come someday to come home---
