Say that you'll always love me
You say "Forever!"
But when I need some lovin'
Will you come by?
I say maybe the last time
You say "whatever"
Break my heart again
My secret lover just brings me down
Foolin' around
How can I sing these songs of love?
A secret lover will never cry
Will pass you by
Keepin' the secrets is like a game
You feel ashamed
You think of nothing but yourself
A secret lover should never mind
I'm not that kind
I say "see you tomorrow"
You say "forget it"
Sometimes I sit and wonder
"Don't I get tired?"
Can't take it any longer
I feel so worn-out
Secrets come to an end
my secret lover just brings me down
Foolin' around
How can I sing these songs of love?
A secret lover will never cry
Will pass you by
Keepin' the secret is like a game
You feel ashamed
You think of nothing but yourself
A secret lover should never mind
I'm not that kind
I wait for you to come by
When you get ready
Sometimes I sit and wonder
How long you'll slide
But when I feel your heartbeat
Forget the worries
Love is here again
My secret lvoer just brings me down
Foolin' around
How can I sing these songs of love?

A secret lover will never cry
Will pass you by
Keepin' the secret is like a game
You feel ashamed
You think of nothing but yourself
A secret lover should never mind
I'm not that kind.
