Somewhere down a road from here -
Gonna make a deal with you.
Somewhere down a road from here -
Tell me it won't seem like a honeymoon, ya know.
Dreamin dreams.
Schemin schemes.
Do what seems an easy thing.

Think of all the houses.
Gaze across the roofs of a tenement year.
Think of all the places.
See the harvest moon rise so big and near, ya know.
Dreamin dreams.
Schemin schemes.
Do what seems a easy thing.

What the mice in the subway know people in the streets

Can barely see.
Quite sublime in a dusty clime...
Til the next subway train comes screamin down the
line.

Dreamin dreams.
Schemin schemes.
Do what seems a easy thing.

Take a look around my face.
Take away the years that have come and gone.
Take a look around my face.
Just another year to be hanging on, you say.
Dreamin dreams.
Schemin schemes.
Do what seems a easy thing.
