I gotta get out of this place else I swear my head will
Crack - crack!

I gotta get out of this place else I swear my head will
Crack.

What will you do for me?

Johnny Two-Toes says to Betty Groove.

I wait for the dawn but I fear the dawn will not come
Back.

I wait for the dawn but I fear the dawn will not come
Back.

What will you do for me?

What will you do?

There's something that's closin down on me feels like a
Hand grabbed round my throat.

There's something that's closin down on me feels like a
Hand grabbed round my throat.

What will you do for me?

Johnny Two-Toes says to Betty Groove.

What will you do?

I gotta get outa this town for I swear this town will be
The death of me.

I gotta get outa this town for I swear this town will be
The death of me.

What will you do for me?

Johnny Two-Toes says.
