Chorus:

Find me, ale ale, and when you find me  
You can try me, ale ale, hide me in your dreams  
But you can hear me, ale ale, just feel my bad,  
But open your eyes boy, ale ale  
And then you'll know I'm what you want â€¦

I can see you're moving hot  
Baby you can find the spot  
Maybe you can get it up  
Up, up, up, up  
I can see you why you're that  
You're a just got into the trap  
Let me take you to the top  
Top, top, top, top (2x)

Chorus

So, slow down a lil bit'  
I'mma take you to the beat  
Let me put you on repeat x4  
No surrender, no retreat  
Baby this is not a treat  
Let me put you on my beep x4 (x2)

Chorus (2x)

And then you'll know I'm what you want
