I've got a million people telling me
That you and I will never be (You and I will never be)
We're from two completely different worlds
You are every girl's dream and
Well, I'm just me

But I'll keep wishing on
Every star that shoots across tonight

'Cause you will always be
The apple of my eye
The everything that I
Will always want and hope to be with
You mean everything to me
More than melodies and beats, baby
Don't you know that you complete me

Dadadadadadadam Dadadam

I see your pictures on the Internet
You got a billion Facebook likes
And you're probably flooded with Twitter interactions
That's a fact
I know you'll never ever notice me (Never ever notice me)

But I'll keep wishing on
Every star that shoots across tonight

'Cause you will always be
The apple of my eye
The everything that I
Will always want and hope to be with
You mean everything to me
More than melodies and beats, baby
Don't you know that you complete,

Every part of me
I'll get a bumblebee to sing along with me
Lalalala Lalalalalove

I know this love is true

Though there ain't no me and you
I still love you

'Cause you are the apple of my eye
The everything that I
Will always want and hope to be with
You mean everything to me
More than melodies and beats, baby
Don't you know that you complete me

You complete me
You complete me...
