Terrorize you for what you did before.
I stomp on everything you said.
The horror of all my fears are now gone.
I'm crushing you.
Pushing you.
I Punish you.
Crushing you.
Now you have to face my eyes.
Now you have to face my fist.
Now you have to face my eyes.
Now you have to face my fist.
I'm crushing you.
Pushing you.
I Punish you.
Crushing you.
Mother Fucker
Go
I just hope you DIE
DIE
DIE
DIE
Mother fucker
DIE
