Truth

The truth is that I never shook my shadow
Every day it's trying to trick me into doing battle
Calling out "faker" only get me rattled
Want to pull me back behind the fence with the cattle
Building your lenses
Digging your trenches
Put me on the front line
Leave me with a dumb mind
With no defenses
But your defenses
If you can't stand to feel the pain then you are senseless

Since this

I've grown up some
Different kind of fighter
And when the darkness come let it inside you
Your darkness is shining
My darkness is shining
Have faith in myself
Truth

I've seen a million numbered doors on the horizon
Now which is the future you chosen before you gone dying.

I'll tell you 'bout a secret I've been undermining
Every little lie in this world come from the Bible
Say you're my lover, say you're my homie,
Tilt my chin back, slit my throat, take a bath in my blood, get to know me
All out of my secrets
All my enemies are turning into my teachers.
Because, lights blinding, no way dividing what's yours or mine when everything's
shining
You darkness is shining
my darkness is shining
Have faith in ourselves
Truth

Yes I'm only loving, only trying to only love
That's what I'm trying to do is only loving
Yes I'm only lonely loving feeling only loving
Till I'm feeling only loving
Ya say it ain't loving ain't loving my loving
But I'm only loving only loving only loving
Only loving the truth.
