there's a way..
we can survive
there's a way...
we can get close to flying
there's a way I know
there is no harm in trying
take a little love, and pass it on...

let's make a soul connection
soul to soul connection
heart to heart
make a start
with a soul connection

soul connection
soul to soul connection
heart to heart
make a start
with a soul connection

there's a way..
we can survive
there's a way...
we can get close to flying
there's a way I know
there is no harm in trying
take a little love, and pass it on...

let's make a soul connection
soul to soul connection
heart to heart
make a start
with a soul connection

soul connection
soul to soul connection
heart to heart
make a start
with a soul connection

soul to soul to soul...connection
soul to soul to soul...connection
