I ran into this girl

Born into this world

As double-headed elvis

Double-headed elvis

While I was wondering why

One smiled one kissed me goodbye

Double-headed elvis

Double-headed elvis

I'm sorry but that's all there is

I'm sorry but that's all there is

I'm sorry but that's all there is

I'm sorry but that's all there is

Double-headed elvis

Yeah yeah yeah

Double-headed Elvis

Yeah yeah yeah
