You played along the first time
That I saw you
You left me with a blanket
On the ground
I dreamed I watched you dancin' away
My night until dawn

Suddenly I don't know
Where to find you
I followed every mood
You made in town
I listened to the songs
That I know you know
The sound turned down

Sing along
Sing along
You don't know what's happenin' to me
You don't know what you are doin' to me
You don't know what you are doin' to me

Hey baby, I've been speedin' up
The side roads
Across the shiny river
To your house
Tryin' to find out what you want
What you need to bring us close

You made me smile
The first time
That I saw you
You left me on a blanket
Made od clouds
I dreamed I watched the sun
Playin' in your eyes
The lights turned down

Sing along
Sing along
You don't know what's happenin' to me
You don't know what you are doin' to me
You don't know what you are doin' to me
