"Going Fishing"

Sweet little girl I, I've been thinking
And I bet you know what I thought
You and me we were going fishing
On a sea full of love

And it's hard to see us sinking
When we're light enough to float
And I'm done with all this thinking
I just can't wait for us to go

So let's go

I sing you songs, yes
I write you letters
But we both know I'm not very strong
The tide is out but I can see it is coming in
And I just can't wait for you to show

Cause it's hard to see us sinking
When we're light enough to float
And I'm done with all this thinking
I just can't wait for us to go

We all know this world is gone to the dogs
We don't have long
And all I wanna know before I go is love
With someone like you

But I'm done with all this thinking
I'm done with all this thinking
I'm done with all this thinking

But I'm done with all this thinking
I'm done with all this thinking
I'm done with all this thinking
