"Pure Joy"

This radiation radiates pure joy at what the soil has
given forth to us
This roller coaster won't be boasting no more, it hit the
floor
And flew apart in a ball of flames

And we're out on the wing of this wobbly bird
And we fall when we try to turn

I never look away
I never look away
And it's no lie
I'm all eyes

I never look away
I never look away
And it's no lie
I'm all eyes

And this radio plays on such sweet melodies now
I'm in a haze if you're wondering where I went away
And this radiator boils over with the spoils of war
I'm bleeding roses out of my nose and out of my heart

We're out on the wing of this wobbly bird
And we fall when the bird turns

I never look away
I never look away
And it's no lie
I'm all eyes

And I never look away
I never look away
Oh and it's no lie
I'm all eyes

And I'm never gonna stray too far
It will always be this way my heart
For you
Baby Blue

And this radiation
Radiates pure joy at what the soil has given forth to us
From all this dust
