I feel better, now you're gone  
Bathing in the sunlight can  
Take away your whole life still  
There's something about you

Once or twice  
Everything was lined up straight  
There's nothing you could ever trust  
There's something about you

In a clear spot  
Did you think that I would call?  
'Cause sometimes I don't feel like talking at all

I'm better, now you're gone  
Bathing in the sunlight is  
Nothing you could ever trust  
Something about you

In a clear spot  
Did you think that I would call?  
'Cause sometimes I don't feel like talking at all

I'm better now you're gone  
Bathing in the sunlight is  
Nothing you could ever trust  
Something about you

There's something about you  
There's something about you  
There's something about you  
There's something about you

There's something about you  
There's something about you  
There's something about you  
There's something about you
