Episode #1: Kazi & Madlib

[Kazi]

I'm down with all the illest, ain't no crabs all around me
So put your head together, you still couldn't find me
Where I be and how I live is ill

[Madlib]

Hey yo, niggas always talkin' bout there shit is real
"I gotta flex with a Lex in my video"
That's what half of these rappers be thinking in every
city, yo

[Kazi]

Yeah, you wanna fight don't ya, you wanna bite don't
ya?
The involvement of a new coast is here
To take your soul, rearrange it with flows
You're unknown, come across our line, you get blown
Too many bids, ain't no puttin' together
Restorin' your body parts, leaving the rest for whatever

[Madlib]

You talking bout you wanna freestyle, you wanna flow
But your flow be like oil and water, it don't mix
And you don't even know you're waiting for your rhyme
fix
But my mind sticks, my rhyme hits, your mind gets
Amputated, cuz your style ain't even Hip Hop related

scratches

[Kazi]

This be the Kazi, my niggas call me Kaz
How does it feel to be mixed up and lost?
First of all, you shouldn't have bit the next rapper
Now your mind's confused, you lose, talkin' bout you
paid dues

[Madlib]

Slay crews, when you ain't even at phase two
Talking about take two? You only get one take
Yo, my boys just run fakes, run ya out of my estates
Plus they just might take ya papes, plus you won't
remember no plates
So don't have no mistakes, steppin' over this way

[Kazi]

Second to last, but not least, hey yo, Kazi's here to rip it
I'll take MC's, tie 'em up, and then split
It's like this, yo I'm up on some bliz
Total techniques for the hip hop kids

[Madlib]

Yo we puttin' the lid on ya, if you're wack you're a goner
Cuz we on a war path, droppin' math cuz we only wanna
Keep this hip hop real, innovatin' new styles
Takin' out wack MC's by the piles, for real

Episode #2: God's Gift

I have no strings to hold me down
Beware of the tupperware
It's the limited edition, prime series hum via tell a sport
brain
Who came complete with all terrain capabilities
Track trail blazing a path of traveling freely
Beyond the vanity of border ampedence hindering
Progress intending to enhance those plagued with
Recessive styles, relying on primal rage
Disengaged pushing trivial, unimportant material
Virtually there, but still visually impaired
Point of views defusing the output of ya outlook
Confusing ya confidence, cuz you dwell on surface
knowledge
Dig deeper into my speech or the only way you'll learn
Is to have a translator explain my rhymes in layman's
terms
We now have confirmation, pure order has swarmed
Like locusts consuming all vegetation
Into waste land fills fresh water wells seeping
Poisonous corrosion as a business proposition
Exposing flesh in nuclear explosions
Forming glowing boils at the point of contact of
deforming
The surviving population as mass retations
Resulting from advanced hip hop experimentations
On the island of Madlib Monroe

CDP pouring beats down your throat that dissolve your
vital organs

Episode #3: Declaime

I'm cool with who I be, Lyric slanger from CDP
Got shit locked up like slaves out at sea
Ya lost to the way I come across at all costs, I must get
mine
Suck up all the sunrays and then outshine
Till I blind all eyesights all over the planet
When I rhyme right, I outstand it
Cool with my ways, so chilled that most can't stand it
Y'all knows me, the rhyme wise who stays high
With fortys in my lap bust that old school boom bap
All over this map, for I be that down ass, South Cali
poet,
Ya know it to be The D-E-C-L-A-I-M-E,
Doin my thang in this ring
Knockin' niggas down with what I bring
Crazy chaos your way off
So swing ya partners are around
Do the hump to my sound
Fuck it, all panties down to ya ankles
Bending back ass over microphone entangles
Strangles all ya got chokes like chronic smoke
I'll take a toke and pass it to all my niggas,
to all my niggas...take two and pass

Episode #4: Medaphoar & Oh No

Chorus: Medaphoar

Everyday it's like a level in this game that we live
Gotta struggle to survive, that's why some MC's get
blitzed
Situations got your mind in control, that's how you roll
But don't step to M-E-D, because your rhymes will be
fold

[Medaphoar]

Straight in all black on the attack be Medaphoar so
freeze back
So rappin' imitators get peeled back when I'm in
combat
I got them rhymes to make ya shake the spot when
Medaphoar's near

My rhyme's been set to blow up different spots so MC's
stand clear
I fear no MC's alive because my dangerous rhyme
Survives battles worldwide, until my cities recognize
For every rhyme that's built to self destruct three
seconds after the buck
Niggas better duck, or take that risk to get stuck
It's this do or die mentality that keeps ya mouth frying
Sippin on the E&J and smoking blunts stuffed with
Hawaiian Chronic
For my homey Shack in SB, rhymes on the shiesty
Niggas on the run when Medaphoar is on the gun
MC's out to get me from all of the battles I won
Med, comin from the west, so represents where I'm
from
Lyrically I got your block locked when I drop this hip hop
Fresh out the west to twist you up because the rhyme
don't stop

Chorus: Oh No

Cuz everyday it's like a level in this game that we live
Gotta struggle to survive, that's why some MC's get
blitzed
Situations got your mind in control, that's how you roll
But don't step to Oh No, because your rhymes will be
fold

[Oh No]

In this game, I ain't trying to see that wack rhyme
bacteria
That's some next shit, material starts external
But also interior when y'all frauds claim imperial
Breaking down your inferior while you listen to your
superior
Some niggas know me as "Oh No"
But in reverse in ya in the middle, I'm "on ya ho"
So slow your roll because I fold emcees like rheumatism
Syndrome and break 'em down like compression when
I be up in 'em
I skip more MC's than scratch compilations CD's
To have your speech in verbal poetical lyrical oddities
The heart's cold to make hell freeze, slash hot like a
flame
I spread like dead grass up in the hills so run for your
ass
I'm known as assassin from the west livin' it up
Kaliwild shakin up the best, messin 'em up
This nigga's known as Medaphoar and I be the disrupt
Vocally tearing you up from the ground up

Episode #5: Wild Child

Chorus: Wild Child

When you bust that rhythmic freestyle flow to be that
abstract

You bust back flips, lyrically you'll get asked that
Is y'all crew rally all that when you bump that
Track by Lootpack, ya like "They off the hook, cat"

[Wild Child]

Focus, Wild Child representative of hip hop, top 10
niggas get mopped 10 times

My rhymes will transform into 30 thin lines cuz I feep
I'm

The responsible obstacle

For you non-freestyling MC's kickin' lots of bull

I rock shit till the Eucalyptus

Flaunt it like, haunt ya mic to the point ya mic tells you,
"You can't rip this" I'll get it exited and, get the crowd
hyped and

Slap you up with my right hand and

Find out you're a little white man with a slight tan

Wild Child'll take ya ass out like lightning

Fresh in the flesh, steadily enlighting this mic

The fact that you lack the respect, got the mad knack
of incompetence

Step to Jack and get smacked to lower your whole lack
of confidence

Ya bro's out there know you have no composure

You unnoticibly slide to the back of thee

Open mic session with ya little wack faculty

Thirty minutes, prior to getting there, claiming you had
the knack to be

The dopest MC, that was the most inactively

Statement you ever said to Jack, you see

The day you took hip hop into ya hands was an act of
lunacy

So, if ya feel me, yo if ya feel me, party people say it

"La La La La", come on, come on, come on, come on...
my people say "La La La La"

Chorus: Wild Child

When you bust that rhythmic freestyle flow to be that
abstract

You bust back flips, lyrically you'll get asked that
Is y'all crew rally all that when you bump that
Track by Lootpack, ya like "They off the hook, cat"
