headstrong is willing to live like a rat in a hole
headstrong....unwilling to listening anyone at all
keeps her head above the water,
keeps her head upon her shoulders
i know, i know, i know she has heard this all before
she don't break, she don't sink, she don't think, a thing
of me

headstrong can fake an awkwardness,
silenced by the price of love
don't get too close in case, push comes to shove
won't be your favourite girl, won't hear your favourite
song
she's heard it all before

I don't mind she know's the words I'm writing
-we all need some pain
and remember, what you told me, we all bleed the
same

headstring is making a list so long, of all the people
she has
done and undone again - my name engraved
she doesn't notice the things I take for granted were
my
own to give, my own to give and take
she don't break, she don't think don't sink
don't want to give or take my love
don't break don't sink don't think of me
