Oh yeah
She says, "We can't tell them"
Oh yeah she wants up front
I can't do that

When you gonna make up your mind?
When you gonna make up your mind?
When you gonna make up your mind?
'Cause you know that I have made up mine

Oh yeah, she's got backup
Boyfriend, I'm here

When you gonna make up your mind?
When you gonna make up your mind?
When you gonna make up your mind?
'Cause you know that I have made up mine

When you gonna make up your mind?
When you gonna make up your mind?
When you gonna make up your mind?
'Cause you know that I have made up mine

Oh yeah
