Tuesday morning
Hear the traffic outside
New York city
On our east coast ride
She smiles like heaven
Laying by my side

Oh Katie dear
Don't fear
It'll be alright
Your place is here
So baby, close your eyes

Down the sidewalk
Another passerby
His life is empty
With no love inside
The same old story
Of a long goodbye

Oh Katie dear
Don't fear
It'll be alright
Your place is here
So baby, close your eyes

Too solid from a liquid
From this haze I have been lifted
From curses to a blessing
With you there is no guessing

I watch her sleeping
With dreams in her mind
Her heart is beating
In perfect time with mine

Oh Katie Dear don't worry
It'll work out fine
Your place is here
So baby, close your eyes
Your place is here
So baby, close your eyes

Tuesday morning
Hear the traffic outside
