All these men I've been seein' they've got their balls
up on the shelf
They can't love me now when they can't even love
themselves
Hey I need someone who can. Could you be my lover
man?
I wanna believe you when you tell me you can love me
like a man.
Cuz I've never seen such losers & you know I've really
tried
To find a man who can take me home 'stead of takin
me
for a ride.
Ya know I need someone who can. Can you be my lover
man?
I wanna believe you when you tell me you can love me
like a man.

Break

You know I'm coming home sad, laying down to cry
What I need is a man to hold me not a fool who asks
me
why
I need someone who can. Could you be my lover man?
I wanna believe you when you tell me you can love me
like a man.
Cuz they all want me to rock 'em like their bag ain't
got no bone
What I need is a man who can rock me like my
backbone
was his own
Yeah I need someone who can. Could you be my lover
man?
I wanna believe you when you tell me you can love me
like a man.

All these men I've been seeing, they've got their balls
up on the shelf
Ya know they can't love me now when they can't even
love themselves

I need someone who can. Could you be my lover man?
I wanna believe you when you tell me you can love me
like a man.
