Tragic tenor sing to me
Of lust and deep depravity hello? hello?
Lock me up this time for good
Before I might be understood hello? how low...

So all of the worlds
Little boys and little girls
Can sleep peacefully
In their tiny beds

Tragic tenor kiss my ass
And give my filthy mouth a bath hello? hello?
Lock me up this time for sure
Before somebody finds a cure hello? hello?

So all of the worlds
Little boys and little girls
Can sleep peacefully
In their tiny beds
