And aubrey was her name, And not so very ordinary
girl, or name . . . But who's to blame, For a love that
wouldn't bloom, For the hearts that never played in
tune ? Like a lovely melody, That everyone can
sing, Take away the words that rhyme. It doesn't mean
a thing . . . hmmm And aubrey was her name, We
tripped the light, And danced together to the moon, But
where was june ? No, it never came around, If it did, it
never made a sound . . . Maybe I was absent, Or was
listening too fast, Catching all the words, But then, the
meaning going past . . . hmmm Oh, how I miss the
girl, And I'd go a thousand times around the world, Just
to be, Closer to her, than to me. And aubrey was her
name, I never knew her, But I loved her just the same, I
loved her name . . . Wish that I had found a way, And the
reasons that would make her stay . . . I have learned to
lead a life, Apart from all the rest, If I can't have the one
I want. I'll go without the best . . . hmmm Oh, how I
miss the girl, And I'd go a million times around the
world, Just to say, She had been mine for a day!
