(CHORUS)

I love you and don't you forget it
I love you and don't you forget it
I love you and don't you forget it, baby

Love me too and you won't regret it
Love me too and you won't regret it
Love me too and you won't regret it, baby

(CHORUS)

I love you and don't you forget it,
That makes seven times that I've said it
I don't see how you can forget it now

I love you in the springtime
I love you in the fall
I love you at a party
We always have a ball

And when you're in my arms, dear
I love you most of all

In the morning and in the evening
And when it's cloudy or clear
I'm in love with you
So in love with you
Every day of the year

(CHORUS)

Love me too and you won't regret it
Love me too and you won't regret it
Love me too and you won't regret it, baby

(CHORUS)

I love you and don't you forget it
That makes twenty times that I've said it
I don't see how you can forget it now

I love you and don't you forget it
There, that's one more
Time that I've said it
I don't see how you can forget it now
