See the clouds floating by
In the sky without notice
Whispering I know you
And the tears in my eyes
Never dried from the inside
What am I to do? I am
wanting to find a way
I am needing an answer
I am waiting to see the day
When I'm not just a fancy
dancer
Is there no place I can go
Is there not a friendly
ear? I am wanting to say
I love you
Wanting to say that I
need you
Wanting to hear that you
love me too!
< instrumental break >
Every day is just like the last
one
Nothin's ever new
And I know today will be like
tomorrow
Nothin? I can do
I am wanting to find a way
I am needing an answer
I am wanting to see the
day
When I'm not just a fancy
dancer
Is there no place I
can go
Is there not a friendly
ear? I am wanting to say
I
love you
Wanting to say that I
need you
Wanting to hear
that you love me too!
I am wanting to find a way
I am
needing an answer
I am wanting to see the day
When I?
m not just a fancy
dancer
Is there no place I can go?
